the

WHSD Safety Committee

Our Goal is Zero Accidents! Our Goal is Zero Injuries!

Back to School

Welcome back to school!

The Safety Committee is back and ready to help everyone stay safe while in the workplace.

Please remember a few things that will help you start off your school year successfully:

Use a small ladder when hanging posters on your classroom wall. Using chairs, tables etc. is an accident waiting to happen.

Look for safety hazards for you and your students. Cords, torn carpeting, etc. are trip and fall hazards.

Keep floor areas clear and dry.

Report all incidences, no matter how small.

Members of our committee will be doing safety inspections of the buildings of the district during the school year. If you see our committee members, please keep them posted on any concerns you may have.

Important Reminders

Contact Info:

safety.committee@waynehighlands.org

In Case of Work Related Injuries:

Please report all injuries, no matter how small, to your school nurse, principal or supervisor in a timely manner.

Please look for our seasonal newsletter updates@

Mission Statement

To ensure that all staff who come to work are able to leave and go home in the same condition that they arrive.

Committee Members

John Burkcavage, Karen Carlson, Sara Cox, Jill Dulay, Jeff Firmstone, Carol Noble, Christopher Pietraszewski, Gail Reisch, Susan Roberts, Bob Rogers, Judie Stanton, William Troop
